About Us

In 1989, **Shabanesa** was founded. We are **Indian Human Hair Manufacturers** and **Exporters**. We receive our gorgeous virgin Indian hair from temples where depilating is customary. Our company is based in Chennai, India.

We are one of the major exporters of 100% Remy Temple Human Hair in India. Our primary products are Weft Extensions/Machine Wefts, Bulk Hair, Clip-on Extensions, Blonde 613, and Grey Hair.

We have been in this industry for more than twenty years and are well-known for the high quality of our products worldwide.

We have an owned factory, which ensures constant quality and allows us to tailor any product to meet the needs of our customers.

As a key manufacturer & exporter, we specialize in hair extensions and other allied products. We keep growing hair needs and the latest fashion trends in mind to present the finest range of Human Hair. Also, we charge reasonable prices for all our products that we produce and maintain timely delivery for the convenience & satisfaction of our clients.

Assured Quality

We are very particular about the quality of our Remy Hair Extensions, tea bags & sachets, etc. Shabanesa maintains stringent quality norms, not only at the stage of procurement of hair but also throughout the entire production process till the final hair products reach up to the end users. Chemical treatment of the procured hair is ensured for top quality and luster of the hair.

Our products (hair & fabrics) are of extremely fine quality and are available in various designs, texture and colors. Trendy, awesome and stylish are three tags that always follow our wide product range.

Our Infrastructure

We have a strong and sturdy infrastructure housing a giant manufacturing unit which comprises of the latest machines and equipments. We manufacture a special collection of human hair, tea bags & sachets, and fabric materials which is well designed, finished, colored, polished and packed at par with international standards.
